

August 16, 2018

Dear Valued Customer,

This letter serves as your formal notification that Belden is discontinuing GarrettCom's **24VDC power supply variants of Magnum 6K8 and Magnum 6K16** family of managed switches effective August 16, 2018.

The Magnum 6K8 and Magnum 6K16 24VDC variants contain power supply components which have become obsolete. The sub-supplier stopped shipping the power supplies on a very short notice and Belden has a limited stock of these devices that will last until final delivery date December 31, 2018.

The already available Magnum 6KL or Magnum 6KQ are the recommended replacement parts for the 24VDC variants of Magnum 6K8 and Magnum 6K16 switches. The Magnum 6KL is a newer hardware design and also offers the option of DIN-Rail, Panel or Rack mounting using external accessories.
